828. VISIT FROM JON MANNION – ST JOHNS AMBULANCE

Jon Mannion, District Manager for Staffordshire, Shropshire and Wolverhampton, for the St Johns Ambulance, provided Councillors with an overview of the ongoing work being carried out in support of the Covid-19 engagement across the country. Mr. Mannion stated that the St Johns Ambulance had provided 65,000 a hours of support in vaccination centres, on top of over 400,000 in Ambulance support and hospital volunteering including the local North Staffordshire Hospital Trust. He stated that the organisation has a 147 year history and, as custodians of the St Johns Ambulance Trust it is essential that the organisation has a future. Jon Mannion stated that in order to ensure the financial stability of the organisation,

there had been a number of proposals to reduce the number of buildings within the Trust's ownership, including the local building in Cheadle. Mr. Mannion thanked the Council for agreeing to provide a letter of support at a previous meeting, and asked that the Council provided further support by signposting local organisations who may wish to use the facility for meetings or groups, and maximise its usage for the community. Jon Mannion stated that this would significantly help in the fight to keep the building in Cheadle. He stated that if they were able to secure the building, they would be able to do more Community Outreach, however it was essential that the building had wider use within the community to maintain its status and preserve its use for this purpose. Councillors asked a number of questions in terms of the size and scope of the building, and costs. Jon Mannion was able to confirm that the two main rooms in the building were able to accommodate groups of 12-20, and that there were kitchen and toilet facilities on site. He confirmed that charges for use of the building would be per hour and on a case by case basis. Jon Mannion was thanked for his visit, and Councillors agreed to support the cause as requested.
